upgrade now

Worried about the next furnace repair bill?

Let us help you get a new one.

Save Energy | Save Money

in partnership with

Are you tired of high energy bills?
Is your home leaking money?

Find out how a home energy
makeover can lower your energy
costs and improve your comfort.

The CHF Residential Energy Retrofit
Program provides 0-3% fixed interest
rate Loans and Grants to eligible
homeowners to help them make
energy-efficiency improvements to
their home*.

Reducing the amount of energy
and water usage in your home can
potentially make a big difference in
your monthly bills.

For more information or to get
started, contact us. We will provide
you with a personalized analysis
of your home, a checklist of
recommended improvements and
help you with the application.

Call today and start your upgrade!

Do you qualify for a 0-3% fixed interest rate loan from CHF?

1. Are you the person on the title for the property?
2. Is the mortgage current?
3. Are the property taxes current?
4. Do you have a current source of income?
5. Do you want to make energy efficiency improvements to your home?
6. Are you willing to meet with a CHF Participating Contractor to assess your home?

If you answered YES to all of the above questions, you may qualify for a low interest rate Loan and Grant from CHF to make energy upgrades to your home.

Income limits and other guidelines apply. Funds are limited. Contact us today to find out more.

What is a Whole-House Retrofit (or Upgrade)? *The sum is greater than its parts*

Increasing your home's efficiency isn't just switching out light bulbs or buying new appliances. It's approaching your home as a complete system. Heating, air conditioning, insulation, water and other systems can all work together to help you live comfortably while lowering your utility bills.

So, if you are ready to do more than just adjust your thermostat to make your home more energy efficient, call us and schedule your home energy assessment.

Thousands of dollars in rebates and incentives are available. Plus, CHF offers Grants and a low, 3% fixed interest rate Loan to finance qualifying home improvements. Now is the right time to plan your home energy upgrade.

100% Financial Assistance is Available*

Get a Grant from CHF, up to \$1,250 per home AND finance the remaining cost for qualifying upgrades with a 0-3% fixed-interest rate loan from CHF. No down payment required. No appraisal on the home. No minimum credit score*.

Plus, several thousands of dollars in additional rebates may be available from your utility provider that your Participating Contractor can help you apply for.

CHF Participating Contractors

CHF Participating Contractors are specially trained to assess your home and let you know which improvements will make the biggest impact to lower energy consumption and save you money. Call us today and we will refer you to one in your area.

*Advertisement contains program highlights only. Income limits and other program guidelines apply. Full Program guidelines are available through CHF Approved Contractors. The following examples of 100% financing of qualified retrofit projects under the CHF Residential Energy Retrofit Program are based on a 15-year, fixed-rate CHF Loan. The monthly payment on a \$10,000, 15-year fixed-rate CHF Loan at 3.00% interest would be \$69.06 and the Annual Percentage Rate (APR) would be 3.403%. The payment on a \$10,000, 15-year fixed-rate CHF Loan at 0.00% interest would be \$55.56 and the APR would be 0.372%.

The CHF Residential Energy Retrofit Program is sponsored by CRHMFA Homebuyers Fund (CHF), a California Joint Powers Authority. Funding for the program is made possible through a grant award from the Energy Commission Energy Resources Conservation and Development Commission of the State of California. Printed 05/12/11
